

Does Your Personality Affect Others as Wet Blanket, or as Incarnate Cheer, Miss Dix Asks

What You Think and Say Can Either Turn Others Into Depths of Despair or Heights of Cheerfulness, She Declares.

By DOROTHY DIX,
The World's Highest Paid Woman
Writer.

Do you ever stop to think about the effect that your personality has upon other people? As you go through the world do you diffuse an atmosphere of gloom or sunshine?

Are you a human wet blanket or an incarnate cheer? Which Do You Do?

Do you leave people with whom you meet in contact buoyed up with optimism, or do you turn their thoughts towards rough on rats and good stout types, and other alluring means of suicide?

Believe me, it is a subject worth considering. Each one of us goes about surrounded by an aura that is made up of our thoughts, tempers and temperaments—things that are the emanation of our souls—and this aura casts its reflection, bright or gray on all with whom we associate. Quite apart from anything that we do or fail to do, we make happiness or misery for others just by our own mental complexion.

These Are Killjoys.

These are people, good, worthy, kind, people, who wouldn't hurt a fly intentionally, who go through life murdering joy and pleasure.

You know the people I mean. They have solemn long faces, their mouths roop at the corners. They never laugh, their nearest approach to mirth being a cynical sort of smile. They wear dull dark clothes, and if they are women they put on black when some member of their family dies and never take it off, because they take a pride in "never letting over" a bereavement.

When they come to see you they tell you the sad, sad story of their lives. If they are women they have always had drunken and unfaithful husbands, and ungrateful children. If they are men they have been obbed by their best friends, or put upon by their employers. They always have some incurable disease and tell you their symptoms in detail.

They are sure that the country is going to the dogs; that all public men are grafters and thieves; that philanthropists give hospitals and libraries just to get their names in the papers; that newspapers are venal; and that every human being in the world except themselves, is sordid, selfish, mean and trapping.

It's Enough to Kill.

When these people go to see a sick man or woman they relate stories of their Aunt Mary and Cousin Thomas who perished of some similar disease. When they meet a mother whose son is in the army, or whose daughter has gone to the city to work, they dwell in reminiscences of bloody first line trenches, and the dangers of a great city. When you tell them of any little success you have, they say they are so

Lift Off Corns Doesn't Hurt!

Few drops stop soreness, then corn or callus lifts off with fingers.

The world owes thanks to the genius in Cincinnati who discovered Freezone.

Tiny bottles of the magic fluid can now be had at any drug store for a few cents. You simply apply a few drops of Freezone upon a tender, aching corn or a hardened callus. Instantly the soreness disappears and shortly you will find the corn or callus so loose and shriveled that you lift it off with the fingers. Not a bit of pain or soreness is felt when applying Freezone or afterwards. It doesn't even irritate the skin or flesh.

For a few cents one can now get rid of every hard corn, soft corn, or corn between the toes, as well as painful calluses on bottom of feet. Everyone who tries Freezone becomes an enthusiast because it really doesn't hurt or pain one particle.

Relieving Diabetes

The most satisfactory results have been obtained in combating Diabetes by observing certain dietary rules and the judicious use of Warner's Safe Diabetes Remedy, an herbal preparation of 40 years successful sale.

Following is a letter from a grateful user:

"This letter is the best proof that I am still alive. Your medicine is a miracle to me. My weight was reduced from 157 to 114 pounds when I left the hospital. I left there August 9th in despair. Hundreds of people that knew me said I would never live to return to my studio. After leaving the hospital, I saw your 'Ad' in the paper. I began its use and at once commenced to improve, and now everybody is saying to me that I look better than ever before. I tip the scales at 132 pounds and I am back working again to the astonishment of all. I feel splendid and people say I am looking better every day. I must tell you that every word I have written is true, and I can prove it by hundreds that knew of my condition. Jules Friquet, 511 West First Street, Los Angeles, Cal."

who had been perfectly satisfied before someone had begun to knock the scenery, kick at the hotel and pick at each other? Haven't you seen just one critic ruin the holiday of two or three hundred people? I have, and I have wished that such a one could have been taken out and drowned like a sick cat for the good of the community.

Those Who Radiate Cheer.

On the other hand there are people who radiate cheer and optimism, and whose very coming into a room makes you feel as if the winds of God had swept through and purified it, and left the breath of hope in it.

When such people come to see us there is laughter on their lips, and sunshine in their eyes, and their very garments are gay and joyful.

They may have had trouble and disappointment, but they never tell us about them, for they have the courage to bear their own burdens without laying them on other people's shoulders. They do not recount the wrongs that have been done to them; they tell of the pieces of friendship and kindness they have met with. They recount splendid deeds of heroism; they tell of successes that have been won by gallant effort; they are full of droll stories that tinkle pleasantly in your memory.

When the Sick Get Well.

And when they go, they leave you feeling that God is in His heaven and all is well with the world. Sick people feel the wine of healing run through their veins, and the despairing gird up

FIVE MEMBERS OF ONE FAMILY BENEFIT BY IT

"Finest Thing I've Ever Seen," Says Compton—Gains Ten Pounds.

"There are five of us at home who have taken Tanlac and it hasn't failed to bring good results in a single case," said Arthur M. Compton, a popular clerk at the Oriental hotel and living at 1206 Wood street, Dallas, Texas, recently.

"As to my own case," Mr. Compton continued, "Tanlac has increased my weight ten pounds in the past three weeks and has certainly relieved me of an awful lot of suffering. When I began taking it my stomach was all out of order and I had no appetite. I was so nervous I could hardly sleep, was all run-down and had that tired, sluggish feeling all the time. I had fallen off in weight and was awfully sick and discouraged."

"Finally my uncle from Terrell, Texas, persuaded me to try Tanlac and it has been a wonderful thing for me. My appetite is fine now and I eat like a horse. My nervousness is entirely gone. I sleep like a log and all my sluggish, depressed feelings have left me. I recommend Tanlac every chance I have because it has done me so much good. It has helped our whole family and we are all boasting it. It certainly is the finest medicine we ever had in the house."

Tanlac is sold in Oklahoma City by the Westfall Drug Co. and leading druggists and dealers everywhere. (Adv.)

their loins for the fight that takes them to victory.

A BELOVED woman once said to me: "I have had little money to give, but I have made it the rule of my life to give cheer and happiness to all with whom I came in contact. I never let anybody go from my presence without giving a word of appreciation or hope, something to make them feel happier than they were."

In which of these classes are you? Do you radiate happiness or despair?

No Sugar for Sifers.

The Sifers Candy company, which is just completing a \$200,000 factory at Twelfth street and Santa Fe avenue, was informed yesterday by H. J. Jockey, assistant food administrator in charge of sugar distribution, that he could not issue them a permit to get their sugar

because of a new ruling just received from Washington. It was expected that the building, which was started in the summer of 1917, would be completed and in operation by the last of July of this year.
